

Ms. Gail Good
Director
Air Management Program
State of Wisconsin
Department of Natural Resources
101 S. Webster Street
Box 7921
Madison, Wisconsin 53707-7921

Dear Ms. Good:

Thank you for your June 7, 2018 letter requesting a waiver for provisions of 42 U.S.C. 7410 relating to state implementation plans contingent upon operation of the Sheboygan Kohler-Andrae air quality monitor.

You note that Wisconsin Act 159 requires the Wisconsin Department of Natural Resources (WDNR) to request a waiver of any relevant provisions of the federal Clean Air Act relating to the state implementation plan (SIP) required under 42 U.S.C. 7410 that may be affected by discontinuing the use of the monitoring site located at Kohler-Andrae State Park. There are, however, no provisions for granting such a SIP waiver found in the Clean Air Act. This coupled with the 2019 Wisconsin Air Monitoring Annual Network Plan Submittal made on July 27, 2018 that included the Sheboygan Kohler-Andrae monitor obviates the need to take any action on this waiver request. Therefore, EPA is not taking any action on this request.

If you have any questions, please feel free to contact me at (312) 353-6960.

Sincerely,

Douglas Aburano
Chief
Attainment Planning and Maintenance Section
